350 Penistone - Denby  
Dale - Holmfirth every  
Thursday & Saturday.**

## Bus Times

# Penistone Local Link

# Welcome to South Pennine Community Transport

This leaflet provides you with information about our community bus services, which are available for everyone to use.

Our services operate amongst some of the finest scenery in the north of England, while the places we serve are both beautiful and fascinating.

We are happy to provide important local links and fantastic leisure opportunities for residents and visitors alike.

## Using Our Bus Services

Our services are very easy to use and our friendly drivers will always help you if you need it. We stop at all regular bus stops. Some routes operate hail and ride in places. Please signal clearly to the driver to stop. Some of our buses have a manual door to enter - the driver will operate this for you, both when you board and when you alight.

When you want to get off the bus, please just let the driver know.

## New Service 25 - Penistone Local Link

Penistone's new local bus service is a ground breaking initiative between South Pennine Community Transport, local councillors and the community. With support from the Penistone Area Council 'working together fund' - new service 25 has been developed with the needs of Penistone residents in mind.

While we have funding for a trial period, the future of the service depends on people using the service to prove it's viability.

**Everyone is welcome** to use Penistone's newest local bus service and a friendly welcome awaits all the community!
